LANGUAGE

English
Hindi

ABOUT ME

Final-year Bachelor of Information Technology student at the University of Newcastle with a passion for building intuitive web and mobile applications. I enjoy creating user-focused digital experiences and exploring modern frontend technologies, while also understanding the importance of backend integration and teamwork. My hands-on experience through projects and collaborations has strengthened my problem-solving skills, and I'm eager to contribute to roles in software development, frontend design, or IT support.

EXPERIENCE

Mobile application development (intern) 2025 – 2026

DevFu / Eat the city

- Contributing to EatTheCity, a social restaurant rating app that allows users to discover, review, and share dining experiences with friends.
- Built using Angular, Ionic, and Python (flask) for a seamless cross-platform

Technical Consultant (Freelance)

2024 – 2025

Pinnaxis IT Solutions and Consulting

- Worked on a mobile and tablet app for a pharmaceutical company.
- Designed the UI/UX based on the existing web app.

Founder & Operations Lead

2024 – Ongoing

EVRA

- Founded and manage a personal care brand, overseeing product development, branding, and packaging.
- Handle end-to-end operations including inventory management, order fulfilment, and dispatch.

President/Founder

2024 - Ongoing

Badminton Club

- Started one of the fastest-growing sports clubs at the university.
- Used leadership and problem-solving skills to manage and grow the club.

Logistics Head

2024 – 2025

Cure the Endure (NGO)

- Managed logistics, volunteer coordination, and operational planning for NGO initiatives.
- Developed strong communication, organisation, and problem-solving skills in a team environment.
